

CURRICULUM COMMITTEE

The curriculum committee is responsible for developing, implementing and revising the curriculum, and for making recommendations for teaching/learning materials and resources, classrooms, laboratories, clinical sites, library holdings, course materials course management software's etc.

FUNCTIONS

1. Oversee the development, implementation, maintenance and revision of the curriculum, including making recommendations regarding organizing framework, program outcomes, course descriptions, course credit allocations, course prerequisites and co-requisites, course objectives and course content.
2. Review and use outcomes data to revise curriculum in relation to mission, vision and values statements of swami Vivekanand College of nursing in order to meet the needs of the nursing profession and the communities we serve.
3. Ensure that the curriculum is consistent with the swami Vivekanand College Nurse Practice Act, American Nurses Association Scope and Standards of practice and other applicable standards and guidelines.
4. Review and make recommendations for course materials including syllabi, textbooks, course management software, library resources and for the student learning experiences.
5. Review and make recommendations for approval of any continuing education program offered.
6. Report of Nursing faculty Organization and the department chair

MEMBERSHIP

1. Minimum of five fulltime faculty members and at least one student.
2. Meetings are held at least once a year, and as often as needed to fulfill the functions of the committee.
3. Term of appointment
 - a. Faculty – Term of appointment is one year with reappointment possible. Terms are staggered as permitted.
 - b. Students – Students are appointed for a term of one year and may be appointed to serve additional terms.

CURRICULUM REVISION PROCEDURES

1. Revision of any curricular components may be initiated by a faculty member, a group of faculty or a department committee. The following should be considered prior to requesting the change:
 - a. What data indicates need for change?
 - b. Are the schools congruent with the mission, vision and values of the school?
 - c. Are the changes congruent with the current trends in nursing and nursing education?
2. The following can be revised by the teaching team without approval of other groups
 - a. Sequencing of content within the course
 - b. Unit objectives and learning activities
3. Department of Curriculum Committee and Faculty Organization approval are required for revision of
 - a. Statement of mission, vision and values or philosophy
 - b. Organizing framework
 - c. Program outcomes
 - d. Course objectives
 - e. Content map
4. In addition to approval by the Department Curriculum Committee and Faculty organization, approval is required for the school curriculum committee for revisions in
 - a. Course descriptions
 - b. Course credit allocations
 - c. Course prerequisites and co-requisites

Approval by these committees is necessary for new courses, modification or deletion of existing courses and new program

COURSE MATERIAL SELECTION PROCEDURE

Textbooks and other course materials are selected so that they are consistent with the mission, vision and values of the department and support course objectives as well as program outcomes

1. Faculty who wish to add or change textbooks or course materials consider
 - a. Specific needs of the course that the current text or course materials are not meeting
 - b. Depth, breadth and readability or user friendliness of the proposed text or course materials
 - c. Cost to student or the department
 - d. Possible use in more than one course
2. Faculty who wish to change a textbook or course materials discuss the need for the change with other faculty members who teach in the course and other faculty whose courses may be affected by the proposed change.
3. The initiator of the change submits a request to change course materials to the curriculum committee for consideration. The faculty requesting the change may be asked to attend the committee meeting to discuss the change.
4. The curriculum committee reviews the proposed change and forwards a recommendation to the nursing faculty organization
