4.3.1 Library is automated using Integrated Library Management System (ILMS).

This institute has excellent library facilities with updated books, journals and electronic resources for students, and faculties. It has a collection of books covering various branches of nursing, medicine, health sciences and humanities. The library is situated in the college building on the first floor and working between 9 am to 6 pm.

- The library has good physical facility and seating arrangement with separate well-ventilated and lighted reading room, journal section, and reference section with large number of reference books for teachers and students.
- Library is subscribed to Databases like the LMS. The Library Management software and the data of the collection is available to the users via web-based.
- Library is Wi-Fi enabled; digital library two computers used for accessing e-journals.
- Students use their laptops and mobile devices to access online journals, periodicals, books, and other information.
- A separate issue section and space for librarians is available in the library.
- The college library acts as an apex knowledge resource center for all the departments.
- It is envisaged that this library will continue to be a strong facilitator in knowledge creation and dissemination.
- The Library serves as a source for an efficient, serious and scholarly place that supports and enables quality improvements in academic and institutional performance.
- The library procures a comprehensive range of textbooks, journals, digital databases, and thesis.
- There are collections of diverse materials, to support teaching, learning and research.
- It also provides entertainment and healthy leisure to the students and faculty by providing different newspapers and magazines.
