PH: 8208876474, Mail: svconudgir@gmail.com

Dr. Sudhir Jagtap (M.Sc. M.Phil. Ph.D.)
President

The institute supports a trend of decentralization system with proper well defined structure. A particular reflection of this practice may be seen in the extensive delegation of authority to the Heads in the college. The principal of the institution plays the role in imparting smooth functioning of administrative and academic processes through various committees. Every year Academic Planner is prepared at the closure of the previous academic year. Principal will convene the HODs' meeting. There are three levels of administrative structure under which all the activities are carried out, they are the Principal Level, Faculty Level and student level.

Faculties are also given the responsibilities of various administrative and academic & extra co-curricular activities, thus they are involved in Policy making, and finance related matters, student welfare matters, preparation of institution norms. A report of yearly activities is presented by the in charge of the event to the advisory committee after completion of the event. Allocation of budget on the basis of the proposal received from the department. Participation of laboratory in charge in making budget proposals. Empowering the faculty member in-charge of a laboratory to devise and implement the necessary plans for effective conduction of the laboratory.

The institution always promotes the culture of participative management by involving staff and students in various activities. Participative management is carried out as Strategic Level, Functional Level and Operational level. Principal interacts and corresponds with University, The Institute follows committee system for implementation of all its decisions and resolutions. The students and faculties are allowed expressing themselves for any suggestions to improve the excellence in any aspect of the institute. Continuous evaluation, student appraisal and uploading students' attendance every month has helped in improving regularity and performance. Non- Teaching staff is involved in executing day to day support services for both students and faculties. Organization of several activities by students to enhance the capabilities of students under the guidance of faculty member, improve their event management skills. Hence at all levels there is participative management.
