TEACHERS DAY REPORT

Swami Vivekanand College Of Nursing, Udgir College of Nursing, under SNA unit celebrated Teacher's day on 5.09.2018. Dr Sarvapalli Radha krishnan who was the first Vice President of India (1952-1962) and also a highly-respected teacher, philosopher and prolific statesman. Dr Radhakrishnan went on to become the second President of India (1962-1967) and was of the opinion that "teachers should be the best minds in the country. When Dr Radhakrishnan took the office of the second President of India in 1962, his students approached him to seek permission to celebrate 5 September as a special day. Dr Radhalakshman instead made a request of them to observe September 5 as Teachers' Day, to recognise the contribution of teachers to the society. The program started with a welcome dance by first year B.Sc. nursing students and welcome song by second year B.Sc. nursing students. All the dignitaries on the dais enlighten the program by lamp lighting. The chief guest of the program was Mrs. Indira, Nursing Dean, conveyed teacher's day wishes to the faculty who were gathered and congratulated students for organizing the program in a grand success manner. A student then gave the audience which included both, the teachers and the students, a peek into the life of Dr Radhakrishnan through speech.

Report on International Nurses Day 2018 Theme: A Voice to Lead – Health is a Human Right.

Swami Vivekanand College Of Nursing, Udgir College of nursing celebrated International Nurses day on 12 may 2018. The celebration of International Nurses Day started in 1965 by the International Council of Nurses (ICN). This day is the birth anniversary of the famous Florence Nightingale. She was an English nurse, social reformer, and statistician. During the Crimean war, she gained fame while serving as a manager and trainer of nurses, being the pillar of modern nursing. She brought a reputation for nursing and became an icon in Victorian culture. The aim of the Nurses Day Celebration was to raise awareness of the important role that nurses play in society and at the same time, to increase their confidence and give them a big appreciation. Nursing can promote gender equality in social and economic development. Reports show investment in nursing can have a triple impact of better health, greater gender equality and stronger economies. With approximately 50% of nurses being younger than 35 years of age, this workforce will emerge nursing in the country. International Nurses Day is celebrated every year on 12th of May, the birth anniversary of Florence Nightingale. The shortage puts a strain on the current workforce as nurses are caring for patients at every hour, every minute of the day. Nurses truly are frontline heroes. Often times nurses are parents themselves, leaving their loved ones at home to save lives. We must all acknowledge the great sacrifice they do for the health of all. Thank you for saving lives

TEACHERS DAY REPORT

Swami Vivekanand College Of Nursing, Udgir College of Nursing, under SNA unit celebrated Teacher's day on 5/09/2021. Dr Sarvapalli Radha Krishnan who was the first Vice President of India (1952-1962) and also a highly-respected teacher, philosopher and prolific statesman. Dr Radhakrishnan went on to become the second President of India (1962-1967) and was of the opinion that "teachers should be the best minds in the country. When Dr Radhakrishnan took the office of the second President of India in 1962, his students approached him to seek permission to celebrate September 5 as a special day. Dr Radhakrishnan instead made a request of them to observe September 5 as Teachers' Day, to recognise the contribution of teachers to the society. The program started with a welcome dance by first year B.Sc. nursing students and welcome song by second year B.Sc. nursing students. All the dignitaries on the dais enlightened the program by lamp lighting. The chief guest of the program was Mrs. Indira, Nursing Dean, conveyed teacher's day wishes to the faculty who were gathered and congratulated students for organizing the program in a grand success manner. A student then gave the audience which included both, the teachers and the students, a peek into the life of Dr Radhakrishnan through speech.

REPORT ON TEACHERS DAY

Swami Vivekanand College Of Nursing, Udgir College of nursing under Student Nurses Association unit celebrated Teacher's day on 5.09.2022. The event was held at the college Auditorium. It is marked on the birthday of Dr Sarvapalli Radhakrishnan who was the first Vice President of India (1952-1962) and also a highly-respected teacher, philosopher and prolific statesman. Dr Radhakrishnan went on to become the second President of India (1962- 1967) and was of the opinion that "teachers should be the best minds in the country." Dr Radhakrishnan is the country's former President, scholar, philosopher and Bharat Ratna awardee, Dr Sarvepalli Radhakrishnan, who was born on this day in 1888. When Dr Radhakrishnan took the office of the second President of India in 1962, his students approached him to seek permission to celebrate September 5 as a special day. Dr Radhakrishnan instead made a request of them to observe September 5 as Teachers' Day, to recognize the contribution of teachers to the society. The program started with a welcome dance by first year B.Sc nursing students and welcome song by second year B.Sc nursing students. All the dignitaries on the dais enlighten the program by lamp lighting. College celebrated this day with great enthusiasm. Senior students took on the responsibility of teaching as a gratitude to our teachers. All the teachers were given a decorated rose flower and chocolate by the students after that our principal sir gave a passionate speech on the theme of Teacher's Day. The Principal in her address urged the teachers to add value to their pedagogy through experimental learning. The cultural program unfolded with a dance performance invoking the blessings of Lord Ganesha..And spoke on the inherent qualities to be a successful teacher. All teachers cheered and motivated their colleagues with a wide smile. Conveyed teachers day wishes to the faculty gathered and congratulated students for organizing the program in a grand success manner. Appreciated the efforts put in by the teachers but at the same time exhorted the teachers to gear up to face the changing demands of the audio-visual learners. Student volunteers conducted games for all the teachers on the same day and the presented prizes. All the students thank all the teachers for providing a great education. The entire programme was applauded by everyone present and will always remain a beautiful

Report on International Nurses Day 2022 Theme: A Voice to Lead- Invest in nursing and respect rights to secure global health

Swami Vivekanand College Of Nursing, Udgir College of nursing celebrated International Nurses day on 12 may 2022. The celebration of International Nurses Day started in 1965 by the International Council of Nurses (ICN). This day is the birth anniversary of the famous Florence Nightingale. She was an English nurse, social reformer, and statistician. During the Crimean war, she gained fame while serving as a manager and trainer of nurses, being the pillar of modern nursing. She brought a reputation for nursing and became an icon in Victorian culture. The aim of the Nurses Day Celebration was to raise awareness of the important role that nurses play in society and at the same time, to increase their confidence and give them a big appreciation. Nursing can promote gender equality in social and economic development. Reports show investment in nursing can have a triple impact of better health, greater gender equality and stronger economies. With approximately 50% of nurses being younger than 35 years of age, this workforce will emerge nursing in the country. International Nurses Day is celebrated every year on 12th of May, the birth anniversary of Florence Nightingale. The shortage puts a strain on the current workforce as nurses are caring for patients at every hour, every minute of the day. Nurses truly are frontline heroes. Often times nurses are parents themselves, leaving their loved ones at home to save lives. We must all acknowledge the great sacrifice they do for the health of all. Thank you for saving lives and keeping our loved ones safe. The Nurses Day Celebration started around 9Am on 12th May. The theme of this year is "Nurses: A Force for Change: Improving health systems' resilience" signifies that the nurses play an important role to strengthen the flexibility of our medical system. The resilience of a healthcare system lies in its capacity to respond, adapt and strengthen in any critical situations.

Report on International Nurses Day 2023 Theme: Our Nurses, Our Future

Swami Vivekanand College Of Nursing, Udgir College of nursing celebrated International Nurses day on 12 may 2023. The celebration of International Nurses Day started in 1965 by the International Council of Nurses (ICN). During the Crimean war, she gained fame while serving as a manager and trainer of nurses, being the pillar of modern nursing. She brought a reputation for nursing and became an icon in Victorian culture. The aim of the Nurses Day Celebration was to raise awareness of the important role that nurses play in society and at the same time, to increase their confidence and give them a big appreciation. Nursing can promote gender equality in social and economic development. International Nurses Day is celebrated every year on 12th of May, the birth anniversary of Florence Nightingale. The shortage puts a strain on the current workforce as nurses are caring for patients at every hour, every minute of the day. Nurses truly are frontline heroes. Often times nurses are parents themselves, leaving their loved ones at home to save lives. We must all acknowledge the great sacrifice they do for the health of all. Thank you for saving lives and keeping our loved ones safe. The Nurses Day Celebration started around 9Am on 12th May. The theme of this year is "Nurses: A Force for Change: Improving health systems' resilience" signifies that the nurses play an important role to strengthen the flexibility of our medical system. The resilience of a healthcare system lies in its capacity to respond, adapt and strengthen in any critical situations
