A Report on Tree plantation

Report on: Tree plantation

(5th June)

Venue: SVSPM Campus

Descriptive activities:

Trees represent life, growth, peace and nature. They produce oxygen, clean soil, prevent drought control flood related disasters, prevent soil erosion, improve physiological, mental and spiritual health and also reduce carbon footprints. Keeping this in mind the campaign for the One-Student One-Tree program was initiated by the SNA Unit of Swami Vivekanand College of Nursing, Udgir

Every Year A “Tree Plantation Drive organizes on 5th June by SNA Unit Supported the tree sapling plantation drive and motivated the students to take care of the saplings so that they grow into healthy trees. Students enrolled in SVSPM Campus were distributed free saplings which were planted in the open ground near the big auditorium within the premises of the college. These registered students were motivated and advised to take care of the saplings planted by them. The students also took the Oath:

“I will plant a tree sapling and take care of the sapling so that it grows into a mature tree”

The students were encouraged to plant tree saplings. All students took oath for planting tree saplings during their respective counseling sessions. We hope that such activities shall sensitize and encourage the students to “Love the trees until their leaves fall off, and then encourage them to try again next year”.
