EVENT REPORT

Name Of The activity	Awareness program on Intellectual Property Right	
Type Of Activity	Awareness program	
Date And Time Of Activity	24/9/2022	10.30AM
No. Of Participants	10	
Resource Person	Dr. Chandra Shekhar	
Coordinators	MS. SURYWANSI REKHA	
Description	<p>The principal addressed the gathering and welcomed the guest. The HOD introduced about the guest and handled over to the speaker.</p> <p>He continued that the Intellectual property (IP) is a category of property that includes intangible creations of the human intellect. There are many types of intellectual property, and some countries recognize more than others.</p> <p>The best-known types are patents, copyrights, trademarks, and trade secrets.</p> <p>The term "intellectual property" began to be used in the 19th century, though it was not until the late 20th century that intellectual property became commonplace in most of the world's legal systems</p> <p>Finally HOD delivered the vote of thanks and the guest was felicitated with a momentum</p>

EVENT REPORT

Name Of The Activity	Webinar : Global Menstrual Hygiene	
Type Of Activity	Webinar	
Date And Time Of Activity	18/12/2022	10.00AM
No. Of Participants	9	
Resource Person	Dr. Nafiza	
Coordinators	MS. SWATI SAMBHAJI YEVANDGE	
Description	<p>The principal addressed the gathering and welcomed the guest. The HOD introduced about the guest and handled over to the speaker.</p> <p>The speaker stated that the Menstrual hygiene management can be particularly challenging for females in developing countries, where clean water and toilet facilities are often inadequate. In addition, traditional cultures make it difficult to discuss menstruation openly. This limits access to relevant and important information about the normal functions of the female body. This directly affects their health, education and dignity. Access to information can be considered a human right A kind of informative & awareness activity for the students regarding menstrual hygiene. All the students actively participated in session</p> <p>The participants were enthusiastic and raised some doubts and were clarified. They gained the knowledge and in the end the speaker showed the results of the same.</p> <p>Finally the HOD delivered the vote of thanks and the guest was felicitated with a momentum.</p>

EVENT REPORT

Name Of The Activity	Seminar on HIV Screening Program	
Type Of Activity	Seminar	
Date And Time Of Activity	27/4/2023	11.00AM
No. Of Participants	10	
Resource Person	Dr. Madhusudhan Reddy	
Coordinators	MS. SONKAMBLE SHRADDHA	
Description	<p>The principal addressed the gathering and welcomed the guest. The HOD introduced about the guest and handled over to the speaker.</p> <p>The speaker stated that the recommendations for human immunodeficiency virus (HIV) testing are intended for all health-care providers in the public and private sectors, including those working in hospital emergency departments, urgent care clinics, inpatient services, substance abuse treatment clinics, public health clinics, community clinics, correctional health-care facilities, and primary care settings. The recommendations address HIV testing in health-care settings only. They do not modify existing guidelines concerning HIV counseling, testing, and referral for persons at high risk for HIV who seek or receive HIV testing in nonclinical settings (e.g., community-based organizations, outreach settings, or mobile vans). The objectives of these recommendations are to increase HIV screening of patients, including pregnant women, in health-care settings; foster earlier detection of HIV infection; identify and counsel persons with unrecognized HIV infection and link them to clinical and prevention services; and further reduce perinatal transmission of HIV in the United States. These revised recommendations update previous recommendations for HIV testing in health-care settings and for screening of pregnant women.</p> <p>Finally the HOD delivered the vote of thanks and the guest was felicitated with a momentum.</p>
