**Action taken on Feedback System on Curriculum**

The critiques made on the curriculum Students argue that since contemporary technologies are developing quickly, they should be taught. The alumni and students both agreed that it is important to cover current technological topics so that they would be relevant to future employment or academic prospects. A report has been created and presented to the committee for approval as an agenda item.

The activities that were carried out in accordance with the committees' recommendations are listed below.

- A practical workshop was held
- A well-organized curriculum for effective instruction
- Professional talks are scheduled
- Students visit an industrial site.
