**Action taken on Feedback System on Curriculum**

Curriculum input from the Students indicate a desire to learn about contemporary technologies, which are rapidly evolving. Students and alumni both acknowledged the necessity for contemporary technology courses to be included in order for them to be beneficial in their future studies or work chances. A report has been produced and placed on the agenda of the committee for approval.

The following activities were carried out in accordance with the committees' recommendations.

- A hands-on workshop was held.
- A well-organized teaching technique program
- Expert talks are planned.
- Students are taken on an industrial tour.
