Action taken on Feedback System on Curriculum

The curriculum feedback provided by the Students asserts that they should be taught rapidly developing technologies that are currently in use. Alumni and students agree that current technology subjects should be incorporated in such a way that they are applicable to their future studies or employment opportunities. A report has been drafted and added to the committee's agenda for approval.

The following actions were taken in accordance with the committees' recommendations.

- A hands-on workshop was held
- Organized instructional methodology program
- Professional lectures are planned
- Students are transported to industrial sites
